

Notification – Chatswood

27 October 2017

Sydney Metro is Australia's biggest public transport project. It will transform Sydney, delivering more trains and faster services for customers across the network.

Sydney Metro City & Southwest extends the new metro network from the end of the Sydney Metro Northwest at Chatswood, under Sydney Harbour, through new railway stations in the CBD and west to Bankstown – a total of 66 kilometres of metro rail.

When services start in 2024, there will be a train at least every four minutes in the peak – customers won't need a timetable, they'll just turn up and go.

John Holland CPB Ghella Joint Venture (JHCPBG) has been contracted to deliver the \$2.81 billion tunnelling and station excavation works.

Out-of-hours utility investigation works - Chatswood

Night works will be carried out to inspect utility pits on **Mowbray Road between Pacific Highway and the rail bridge**. These inspections are needed to determine the location of utilities.

Works will be done over **one night on Friday 3 November 2017**, weather and site conditions permitting (see map overleaf).

Equipment to be used during the works will include a hand-held scanner, portable lighting tower, truck and light vehicles.

Work hours

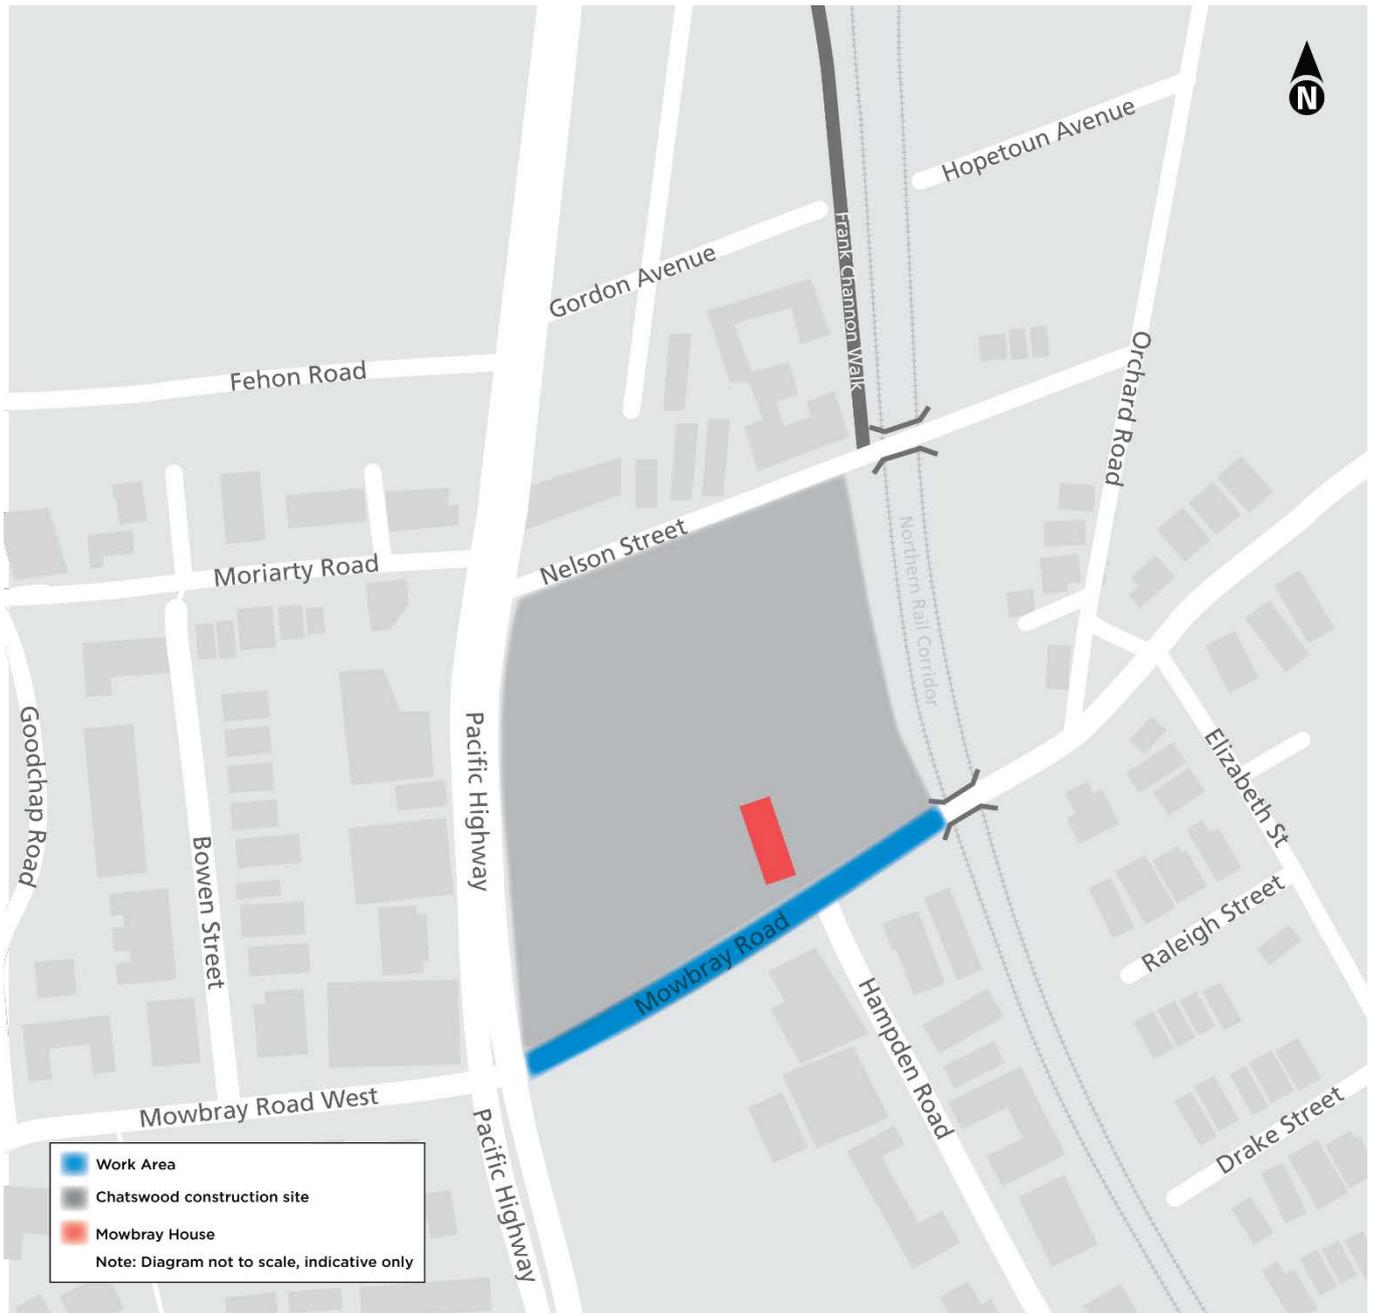

Due to high daytime traffic volumes, the works need to be done outside of standard construction hours. Works will be carried out **Monday to Friday between 7pm and 5am**.

What to expect

- The works area will progressively move along Mowbray Road.
- Temporary traffic and pedestrian changes will be required, including reduced speed limits, lane closures and footpath diversions. Traffic control and direction signage will be in place for the safety of workers and the community.
- The project team will make every effort to minimise noise from these works. Measures will include using non-tonal reversing beepers, turning off equipment when not in use, directing lighting away from residents wherever possible and instructing workers to keep noise to a minimum.
- Driveway access will be maintained at all times.

Thank you for your cooperation while we complete these essential works.
